## 2022 Member Fun Activity Survey

Aloha Fellow Members!

February 28, 2022

We are starting a new year during very uncertain meeting guidelines due to Covid. We are currently allowed a max 100 people outside and only 10 people indoors. We have complied and adjusted very well, but we are not a glum lot and like to gather for fun, fellowship, and activities also! We have had several annual events in the past, but would like to find out YOUR interest as to what type of events you would like to see planned! Please spread the word and if you have an idea (in person or virtual) you would like presented to Central Office, please complete the event proposal on the reverse side of this survey....and please let us know if you can volunteer any skills/talents such as musician, artist, or educator! Any questions, ideas, or comments are very welcome!

Mahalo,

Heather W., Activities Chair
